

Art. No. 41199/41200 Bench Freiburg white / green

Scope of Delivery:

- 1 x Seat Panel
- 1 x Backrest
- 2 x Food Part
- 1 x Reinforcement Bracket
- 1 x Srew Set

Instructions for one Person

1. First lay out all components completely and clearly on a flat surface.
2. Place the seat panel in the mounts provided on the two side panels. Ensure that both mounts are perfectly positioned and lie evenly. Then use the supplied screws, washers and nuts to securely fasten the seat surface in the holes provided.
Tighten all connections firmly without damaging the material.
3. Repeat the same procedure for the backrest
4. Carefully turn the bench onto the sitting surface so that the underside is facing upwards. Position the supplied reinforcement bracket between the mounts on the backrest and seat. Ensure that the drill holes on the reinforcement bracket match the corresponding drill holes on the seat and backrest.
5. Then apply consistent downward pressure at the point marked with the blue arrow. This ensures that the bracket is correctly positioned and that the screw holes line up exactly. While maintaining the pressure, fasten the bracket with the nuts and bolts as shown in the picture [pre-tensioning].
6. Rear and bottom view of the bench
